

# ONE BOOK, ONE SCHOOL

*a new reading initiative*

We are super excited to begin a new reading initiative here at Acequia Elementary – “One Book, One School”. Our goal is to bring everyone together including our families through the joy of reading. We want to provide an environment where our imaginations are set free through literature. By choosing one picture book, students and staff will come together and share thoughts, ideas, and a passion for reading. Each book has an overall theme that will be incorporated into our designated social skills time.

The monthly book will be introduced during the first week of the month. The students will be read to here at school & will have an opportunity to share a recorded reading via social media with you at home. We encourage all families to use this opportunity to come together to read and carry on discussions about the story. On our monthly newsletter, you will find some ideas and questions that you can use to bring the book to life. While the at home activities are voluntary, we do encourage participation when possible.

Our goal is to teach students the love for reading. It is our hope that everyone will “jump in” to our new book!

The reveal will take place on Monday, October 11<sup>th</sup>. Follow along on social media... A newsletter will be sent home with different activities and questions that go along with the book.
