

Provisions:

The following provisions are delineated:

1. Those individuals hired in District #331 for the same stipend position that they held in another school district will receive experience credit for the length they held that position.
2. Those individuals hired for a head coaching position will receive one-year experience for every two years as an assistant in that particular sport. Experience will be assessed within the district and from other public school entities.
3. Personnel will only receive stipend schedule experience that has been documented and for which they have received monetary compensation. Experience placement shall be the responsibility of the Building Principal and as approved by the District's Personnel Department.
4. Those individuals moving from the junior high to the high school will receive all their in district experience with the exception of head coaches from the junior high level. Junior high head coaches moving to a high school head coaching assignment in the same sport will receive the same experience credit as if they had served as assistant coaches.
